Hello Dan,

As you are very aware, the portable classrooms behind the gym at BA are well beyond their usable life. We have significantly reduced our usage of the 8 spaces there, due to concerns with the portables. To date, we have noted safety concerns related to:

- multiple water leaks from the roof
- compromised plumbing in bathrooms
- problems with a variety of pests, likely related to deteriorating siding
- failure and closure of part of the decks leading to the main entry
- two cases of fire alarm activation that were faulty

I would request that we bring the matter forward to the Board of Ed's facility committee in order to devise a plan of action to address the portables.

Thank you,
